

## ARMSA EASTERN CAPE BLOOD DONATION PROJECT

17 MAY 2007

As a follow up to our very successful blood donation project on 13 April 2007 another blood donation clinic was held at the Mdantsane Magistrate's Office on 17 May 2007.

This was done in order to accommodate many members of the Mdantsane Personnel who could not attend the first clinic in East London due to transport problems.

Thank you once again to everybody who participated in these community projects in order to make them a huge success.
