

## ARMSA –EASTERN CAPE MDANTSANE MAGAZINE PROJECT 16 FEBRUARY 2007

In accordance with the resolution taken at our meeting on 16 February 2007 to decentralize projects and to initiate projects to benefit our home offices and local communities "FIRST THINGS FIRST", we launched a drive to collect magazines, books, toys, paintings etc. in order to enhance the waiting room areas and to make them more consumer friendly and professional looking.

On 16 March we handed the collection over to the Head of Administration of the Mdantsane Magistrates Office and we believe our effort will make a big difference. The drive was greatly appreciated and scored valuable points in the public relations department for the Regional Court and ARMSA.
