

THE ASSOCIATION OF REGIONAL MAGISTRATES OF SOUTHERN AFRICA
EASTERN CAPE REGION

On Friday 13 April 2007 the Mdantsane branch of ARMSA Eastern Cape initiated and organized a very successful blood donation clinic held at the East London Magistrates Office. This initiative contributed to the alleviation of a blood shortage after the Easter Holidays.

This is the second successful project launched by Mdantsane since the resolution taken at our general meeting in Port Alfred to decentralize Eastern Cape projects in order to address problems in our local communities.

We wish to thank the personnel of the East London Blood Transfusion Services, the East London Magistrate's Office personnel as well as Jannie Van der Vyver, our secretary who organized the whole event. Thank you and congratulations Jannie on a job well done.
